Dear Sir:

We are desirous of obtaining the membership list of your Association in view of the fact that we believe some members will be interested in our work.

If consistent with your policy, won't you be kind enough to send it addressed to P. Rose?

For your convenience, a stamped envelope is enclosed.

Very truly yours,

John Ford

Dear Sirs:-

In reply to your circular letter asking for our membership list, I beg to advise that our list does not give the street address of our members, and in consequence it would be practically useless to you.

Yours very truly,

Secretary.
